GANDHI JAYANTHI (02/10/2019)

Let Gandhi's philosophy Begin from Us

Mangalore: Gandhi's dream of India has no chance of violence. Non violence was the supreme religion. Former Chancellor of Mangalore University, retired Chancellor of Hampi Kannada University, Prof. B A Viveka Rai commented.

Speaking at the closing ceremony of the Gandhi Jayanti celebration held at Ravindra Kala bhavana University College Mangalore, Mahatma Gandhi Peace Foundation's Annual Honors 2019, Gandhi 150, he said that without moral economics, equality cannot be established. All things need to be learned to reason, rather than blindly agree. Everyone needs economic, political and religious freedom.

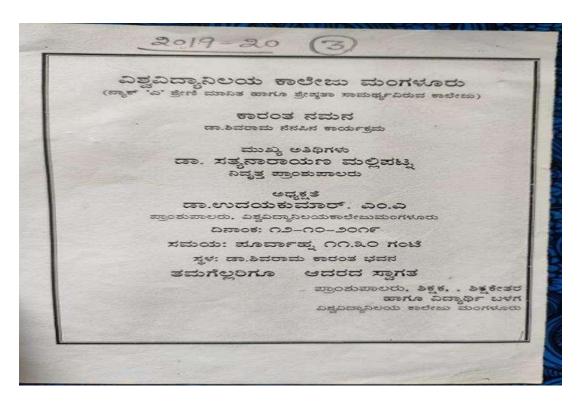

In inaugural address, Mangalore Metropolitan Police Commissioner Ajit Kumar Hegde Shanadi was honored. Gandhi principles are weighing us down, living in a duel. He was worried about how the next race would understand his principles.

Mangalore University Professor A. M. Khan said we must understand the plurality of Gandhiji. One must not forget to respond to someone else's pain in the mobile era. Instead of reverting to the fact that society is spoiled, we must first get right, he said. Principal Dr. Udaya Kumar MA, glorifies today's race, disagrees with the truth. Gandhi's mantra of peace and harmony does not look attractive. However, the hope is not reduced was expressed by him.

There is no politics in Mahatma Gandhi Peace Foundation, the program was held in total of 10 educational institutions with the aim of delivering Gandhiji's values to minors. It was a supplement to gandijis desire to get a regional language education was told by the foundation secretary Dr. Ismail. AMBEDKAR JAYANTHI (07/12/2020)

Dr. B R Ambedkar was the visionary of Hindu religion: Dr. B V Vasantha Kumar

Mangalore: Architect of the Indian Constitution Dr. B R Ambedkar was a visionary of the Hindu community, not an antagonist. Recognizing him just as a Dalit leader is an injustice, we do for ourselves, opined Karnataka Sahithya Academy President Dr. B V Vasantha Kumar.

Delivering a special lecture on Ambedkar's thoughts on self-reliant India in the context of National Education Policy, Skill development, and Aatmanirbhar Bharat, jointly organized by Mangalore University and University College Mangaluru here at Ravindra Kala Bhavana on Monday, he added that Ambedkar was a humanitarian. He believed that equality in society can be attained with the rise of the oppressed Dalits. He was not even an anti-Brahmin. He loved Brahmins who were against casteism.

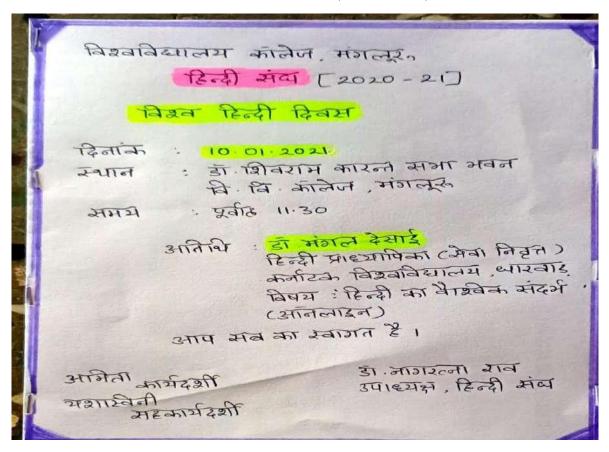

"We worship Ambedkar, but don't follow his thoughts. His dream was to build a new India by educating people. India can only become self-reliant when we love our culture and live for our country. It is not the policy of one party or the prime minister but the policy of the country, "he said. Earlier, in his inaugural address, M P Nalin Kumar Kateel said that Ambedkar was concerned about the problems of society as a whole. A tea seller is the Prime Minister of the country because of his Constitution. The thoughts of Ambedkar and Nationalism should go hand-in-hand.

Presiding over the function, Mangalore University Vice-Chancellor Prof. P. Subrahmanya Yadapadithaya said that Ambedkar believed knowledge leads us towards humanity. He added that the new education system would complement his thoughts on the future of the country.

Mangalore Municipal Corporation Corporator A C Vinayaraj stressed that the young generation should know about Ambedkar. During his introductory remarks, Mangalore University Registrar K Raju Mogaveera said that about 2-2.5% of children in the state are out of school. Many social problems have contributed to this. He hoped that the new education policy (2019) could solve the problem.
