NCC ARMY WING

The National Cadet Corps (NCC) is the Indian military cadet corps with its headquarters at New Delhi. It is a voluntary organization which recruits cadets from high schools, colleges and universities all over India. The cadets are given basic military training in small arms and parades. The officers and cadets have no liability for active military service once they complete their courses but are given preference over normal candidates during selections based on the achievements in the corps.

HISTORY OF NCC

The NCC in India was formed with the National Cadet Corps act of 1948.

The National Cadet Corps Act was accepted by the Governor General and on 15th July 1948 the NCC came into existence.

During the 1965 and 1971 wars with Pakistan . NCC cadets were the second line of defense.

After the 1965 and 1971 Indo-Pak wars the NCC syllabus was revised. Rather than being just second line of defence , NCC syllabus laid a greater stress on developing qualities of leadership and Officer Like Qualities(OLQ).
