**1.Theme:** Hands on Training of Artificial Jewellery and Coconut shell Handicraft-  
Entrepreneurship development programme

**Date:** 19-10-2024, Saturday

**Time:** 12.15-1.30PM

**Venue:** Microbiology Lab, UCM

**No. of participants:** 30

On 19-10-2024 Saturday Internal Quality Assurance Cell, Department. of Microbiology, Women's Forum and Placement Cell jointly conducted Hands on **Training of Artificial Jewellery and Coconut shell Handicraft at Microbiology Lab.**

Dr. Indira J, Professor from Department of Physics, University College, and Mangalore was the Resource person for the programme. Dr. Bharathi Prakash, Head of the Department of Microbiology Organized the event. Dr. Indira J firstly highlighted on hobbies and how it can relief stress and importance of hobbies. She explained how to turn unused coconut shell into beautiful show pieces and she exhibited her coconut shell crafts. Every female likes wearing jewellery and it becomes a pleasure for one to make their own artificial jewellery matching with outfit. She also quoted beauty of the world lies in beauty of women. She taught the students how to craft artificial jewellery and turn the skill into business. Each of the students were given an opportunity to make one set of earrings with their own creativity and students were gifted with set of earrings they made. The Program began with welcome address by Kushi B Sanil of II B.Sc. and ended with Vote of thanks by Lipika of II B.Sc . Microbiology and women's forum students and Staff of Microbiology were a part of this programme.

## **2.Theme: Alumni Meet on Entrepreneurship**

**Date:** 2.02.2025

**Time:** 10.30 to 1.00PM

**Venue:** google Meet

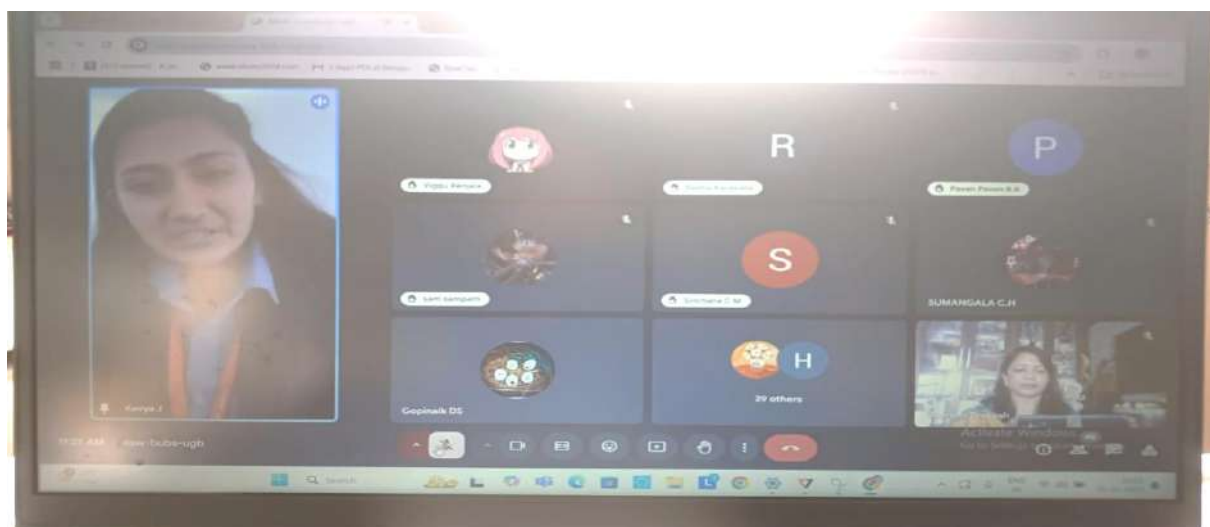

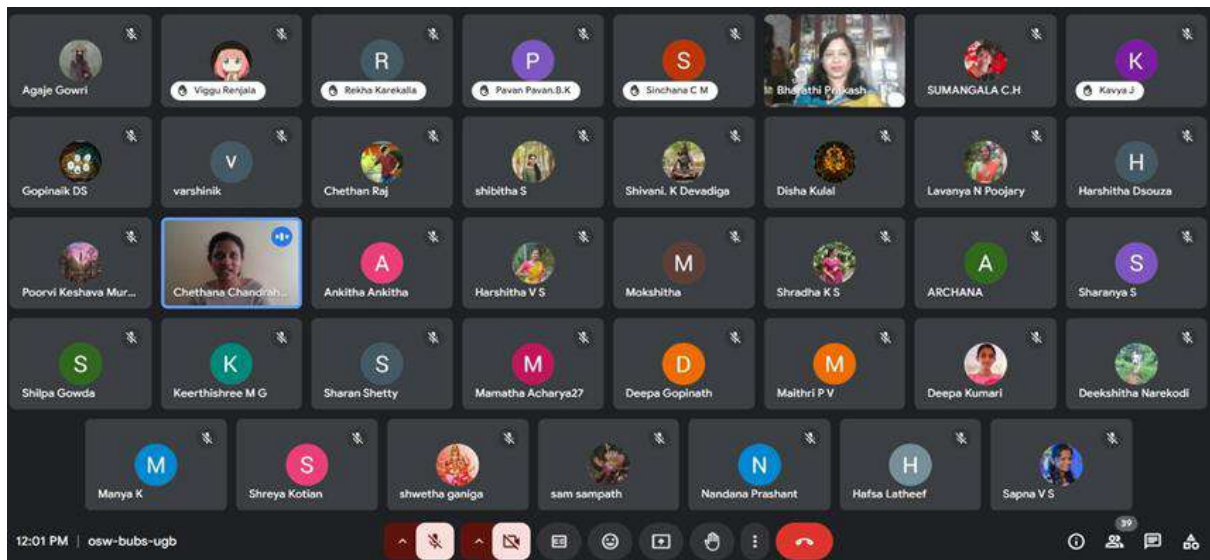

**No. of participants:** 75

The Department of Microbiology at University College Mangalore organized an online Career Guidance Workshop on February 2nd for final-year Microbiology students. The session featured four distinguished alumni who shared their insights and experiences, providing valuable career advice to students.

Chethan raj our 2018-19 batch is working at Britania company in a product development section. He did his B.Sc. Micro and M. Sc in Biochemistry. He gave all the importance skills to learn for job. He told what types of skills like personal and professional skills were useful for him to learn. At the job/professional level. He also promised for jobs for the present microbiology student. His guidance was very useful for students. Chetana our 18-19 passed out student did her M.sc at Nitte in microbiology joined Genie laboratories and working as research assistant genie prepares Tag polymerase eurgme and how to develop C V and joining linked in and how its color help than to join internship and certificate courses. student meet to keep learning even in the holidays in vacation build up their C V they should be confident to interview. Total 50 alumines and students joined the programme Maithri our alumini working Medical Coding also shared her experience Sapna after M. Sc in Food and Nutrition now working as dietician at people tree Hospital Bangalore. all the 6 alumini spoke well graded our students about how to improve skills and excel in professional life, higher education and Research.

Agaje Gowri after pursuing her B. Sc in CZM she did her master's in microbiology from Mangalore University. At present she is working as a project assistant in the dept of Biosciences at Chanakya University. She works on various strains of E.coli where she handles methods of transformation ,purification of proteins, chromatographic techniques etc. where in the process of learning we should see the broad aspect of study is necessary .so we need to go out and explorer ,do interships. she also said one should focus on how to apply what you studied to career she specifically said research in something we do it ,what will be result etc. She also emphases wherever you work acquire skills like coding, Competitional biology. Ms.Kavya J after pursuing her B.Sc degree in CZM she pursued her M.Sc in Forensic science and Criminology at Govt College Mysore .At Present works at Wells Fargo Command Center as security operational control analyst. From Feb 15<sup>th</sup> she will be switching to IBM as senior SOC analyst for APAC. She highlighted that it is not necessarily private or government college you study it is necessary to pursue our passion. If you have the skill you can fit in everywhere. Have an urge for learning in a continuous process to gain knowledge confidence is an important factor necessary wherever you work.

The session was insightful and engaging, offering students valuable guidance for their future careers. The Department of Microbiology extends heartfelt thanks to Dr. Bharathi Prakash, Head of the Department, and Ms. Sumangala for organizing this enriching opportunity.

### 3.Theme: Entrepreneurship in Microbiology based Industry

Date: 22.03.2025

Time: 11.30 AM

Venue: Microbiology Lab

Organiser: Dr Bharathi Prakash

No. of participants:40

On 24<sup>th</sup> March Our Microbiology Department in association with MBSI conducted a campaign on Buttermilk Fest with a slogan “Drink buttermilk stay Healthy. The chief guest was Aravind Deshmukh president of MBSI, The program began with welcoming the guest by Shravani II year followed by preamble by Dr. Bharathi prakash head of the department. All teaching and non-teaching staffs of the Microbiology department and the teachers from various department attended this programe

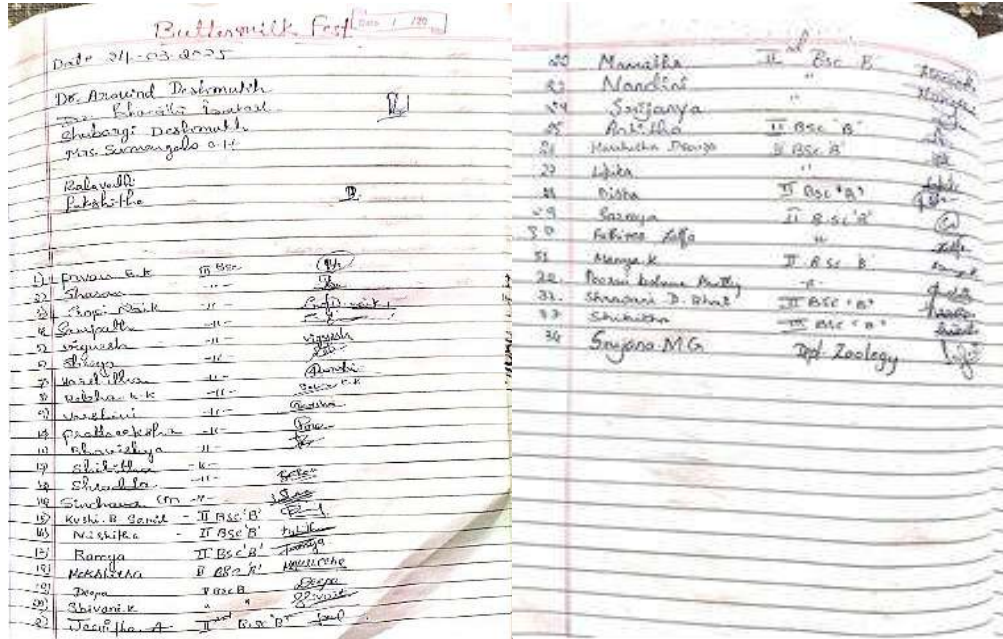

Dr.Aravind Deshmukh president of MBSI, gave us lot of information on the scope of microbiology and Enterprenurship in industry and its application ,advantage for science students .He explained importance of startup related to microbiology in entrepreneurship development .

HOME NEWS DISTRICT WISE NEWS > SPORTS STUDENT AND JOB

Mangaluru: A buttermilk festival was recently organized by the Department of Microbiology of the city's University College.

Dr. Deshmukh, founder president of the Microbiological Society of India, inaugurated the campaign and said that the campaign was started to encourage people to drink healthy buttermilk instead of drinking tea, coffee or other carbonated beverages.

Buttermilk is easily available at an affordable price. It is also a healthy drink and has many benefits. Buttermilk contains healthy ingredients that help in digestion. It also contains good bacteria that keep the intestines healthy. He said that buttermilk is important in promoting a healthy lifestyle with longevity.

Students from the Department of Microbiology prepared and displayed 25 different types of buttermilk. They raised awareness in the society through social media with slogans like 'Drink buttermilk and stay healthy'.

The in-charge principal of the college, Prof. Jaywant Nayak, addressed the students.

Head of the Department of Computer Science Dr. Veerabhadrapappa, Head of the Department of Microbiology Dr. Bharathi Prakash, Head of the Department of Zoology Dr. Geetha, Head of the Department of Botany Dr. Shobha, Sumangala and other lecturers from various departments participated.

#### **4.Theme: Skill Enhancement in lab Techniques-Entrepreneurship Development programme**

Date: 3.04.2025

Time: 10.30 PM

Venue: Microbiology Lab

No. of participants:24

On 3-04-2025 h Our Microbiology Department in association with Inner Wheel club of Mangalore North conducted a Workshop on Skill Enhancement in Lab Techniques -Entrepreneurship Development program. Dr.Ganapathi Gowda, Principal of University College presided over the function. Mr. Ravishankar Sri ram Laboratories Mangalore was the resource person of the program. He explains about Lab skills and how to handling and usage of Instruments and after using the microscope hoe to clean the leses and objectives of micrpscope. He serviced microscopes and Instruments which were not in working condition. all non-teaching of science dept attend to this workshop.

## 5.Theme: Entrepreneurship Development Programme (Phenyl, liquid soap making)

Date: 4.04.2025

Time: 3.30 PM

Venue: Shivarama Karantha Hall, UCM

No. of participants:56

On 4th April 2025 IQAC, Career guidance and placement cell women's forum and NCC are organizing an Entrepreneurship Development Programme. Prof .Ganapathi gowda, Principal president of the program. Smt.Harina J Rao and Smt Rekhalatha Chairpersons of Dist. Small Industrial Association Women's wing, Yeyyadi Mangalore Was the resource person.

In this programme liquid soap ,phenol preparation and candle making was taught.

Total 55 students and 5 staff attended the programme. Students enjoyed the programme /Mrs Harina Rao guided the students about the MSME Government scheme and how it is useful for employability and self-sustainable.

Total 3 liters of Phenol and 15 liters of liquid soap was prepared in the programme and it was distributed to NCC, ladies' room and all the wash rooms of our college. Add the photo of the all phenol and liquid soap and student programme.

April 4, 2025**

This was a most important session to begin research to be a good writer. For good writing, reading is must. A session gave a good clarity on importance of English in academic writing.

**2<sup>nd</sup> Session-How to write research paper By Prof Subhashini Srivatsa. Department of Commerce.** All the minor details of write a good manuscript was informed. She enlightened on what are the difficulties that we face while writing and how to overcome them and publish the research.

**3<sup>rd</sup> Session was on Soft skills by Prof Siddique. Department of Commerce.**

He informed that with good soft skills good attitude, one can value ourselves to be successful. Everyone should have good hard skills and soft skill to for quality life.

**4<sup>th</sup> Session was on How to write proposals for Funded projects. By Dr Bharathi Prakash. Department of Microbiology.**

. After PhD the actual research career starts hence once a researcher always a researcher. She informed about various funding agencies was given in all the streams. All the important details of preparing project proposals, outcomes of project with reference proposal were informed. She has inspired the participants to write the project proposal.

**5<sup>th</sup> Session was on Research and Artificial intelligence by Dr Bharathi Pilar, Department of Computer Science,**Who gave basics of computer applications for research.

**6<sup>th</sup> Session is on Research Ethics By Dr Siddaraju.** He informed about, how to prevent plagiarism and give justice to ones research. He highlighted on the importance of ethics for quality thesis writing and every academic writing in research.

Prof. Monika Sadananda, chairperson of Department of Biotechnology was the chief guest for the concluding session. Prof Monika herself is accomplished researcher, a teacher par excellence, dynamic leader and disciplined academician. She has brought laurels to the University. Prof Monika informed that a researcher with good quality publications is always an asset for the institute as they are always engaged in research, get grants and make a good ranking for the Institute. Such researchers need to be recognized and encouraged for the research. She suggested to extend the FDP in future for large number of participants so that many gets benefitted.

Participants shared their feedback appreciating the resourceful sessions across departments. All the sessions helped the participants to refine their research skills, develop scholarly writing abilities, explore plethora of funding opportunities and embrace new technologies like Artificial Intelligence, various softwares of AI useful for researchers, importance of ethics to give justice to genuine research. The certificates were provided to all the participants after the test. This FDP witnessed a cheerful response, positive feedback and served the purpose.
